

Serving communities around our Manteca, Modesto, Stockton, and Tracy medical facilities.

Community Health Priorities

Access to Care and Coverage

High quality, culturally and linguistically appropriate health services in coordinated delivery systems.

Economic Security

All community members are economically secure in order to thrive.

Healthy Eating Active Living

Opportunities to eat better and move more as part of daily life in order to prevent and reduce the impact of chronic conditions.

Mental Health and Wellness

Social and emotional health and well-being and access to high-quality behavioral health care services when needed.

Community Health Highlights

We are committed to using our resources, reach, and partnerships with other organizations to help build healthier and more equitable communities.

Kaiser Permanente awarded \$685,000 in grants to San Joaquin and Stanislaus counties to provide food assistance to people in need and to encourage people to use local parks to exercise.

We awarded \$425,000 in grants to support basic services for homeless individuals including shelter, showers, laundry, and increased access to case management support.

Recognizing the profound impact the pandemic has had on the mental health of our communities, Kaiser Permanente awarded more than \$520,000 to support mental health services and increase access to trauma and resilience support and training for San Joaquin County schools.
