

Serving communities around our Fresno, Clovis, Oakhurst, and Selma medical facilities.

Community Health Priorities

Access to Care and Coverage

High quality, culturally and linguistically appropriate health services in coordinated delivery systems.

Economic Security

All community members are economically secure in order to thrive.

Healthy Eating Active Living

Opportunities to eat better and move more as part of daily life in order to prevent and reduce the impact of chronic conditions.

Mental Health and Wellness

Social and emotional health and well-being and access to high-quality behavioral health care services when needed.

Community Health Highlights

We are committed to using our resources, reach, and partnerships with other organizations to help build healthier and more equitable communities.

Recognizing the critical threat the COVID-19 pandemic posed to the health of our communities, Kaiser Permanente awarded more than \$1.1 million in grants to support programs that increase access to health care for underserved populations and prevent the spread of COVID-19 in Fresno and Madera counties.

Kaiser Permanente awarded \$300,000 dollars to fund outreach, emergency housing, and case management to help people experiencing homelessness establish permanent housing.

Kaiser Permanente also awarded \$900,000 to support programs to increase access to healthy food, assist people to enroll in CalFresh, California's food stamp program, and expand physical activity opportunities for students through school-based programs.
